OFFICE OF LEGISLATIVE COUNSEL

Thursday - 6 June 1963

25X1 1. [] Miss Marian Bell, State Department, called concerning a request from the office of Representative Armistead Selden for Radio Moscow broadcasts which made reference to Representative Selden. I told Miss Bell that Mr. Selden had been in touch with us directly and we had provided him with the FBIS transcripts he desired.

25X1 2. [] George Murphy, Joint Committee on Atomic Energy staff, called to say that the Committee would be unable to meet with Mr. McCone on 12 June or 13 June at the times we had given as alternates to his suggestion of 13 June. He suggested that we try to schedule the briefing for the following week preferably on Tuesday, 18 June. We have blocked out this time on the Director's calendar and have been in touch with Mr. Knoche who is checking with the Director. Inasmuch as an NIE is expected to be agreed upon within the next week, we might prefer to put this off a little longer.
